SIGNATURE 70

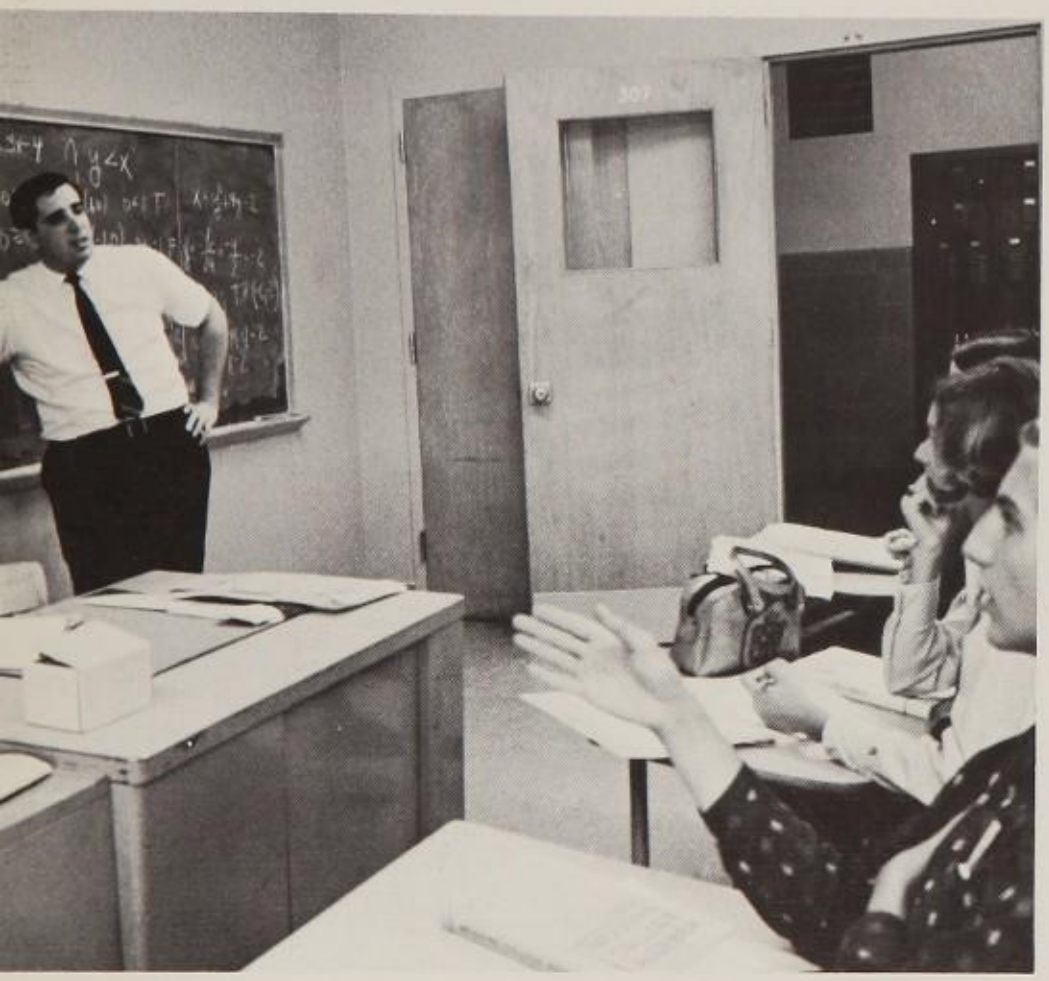
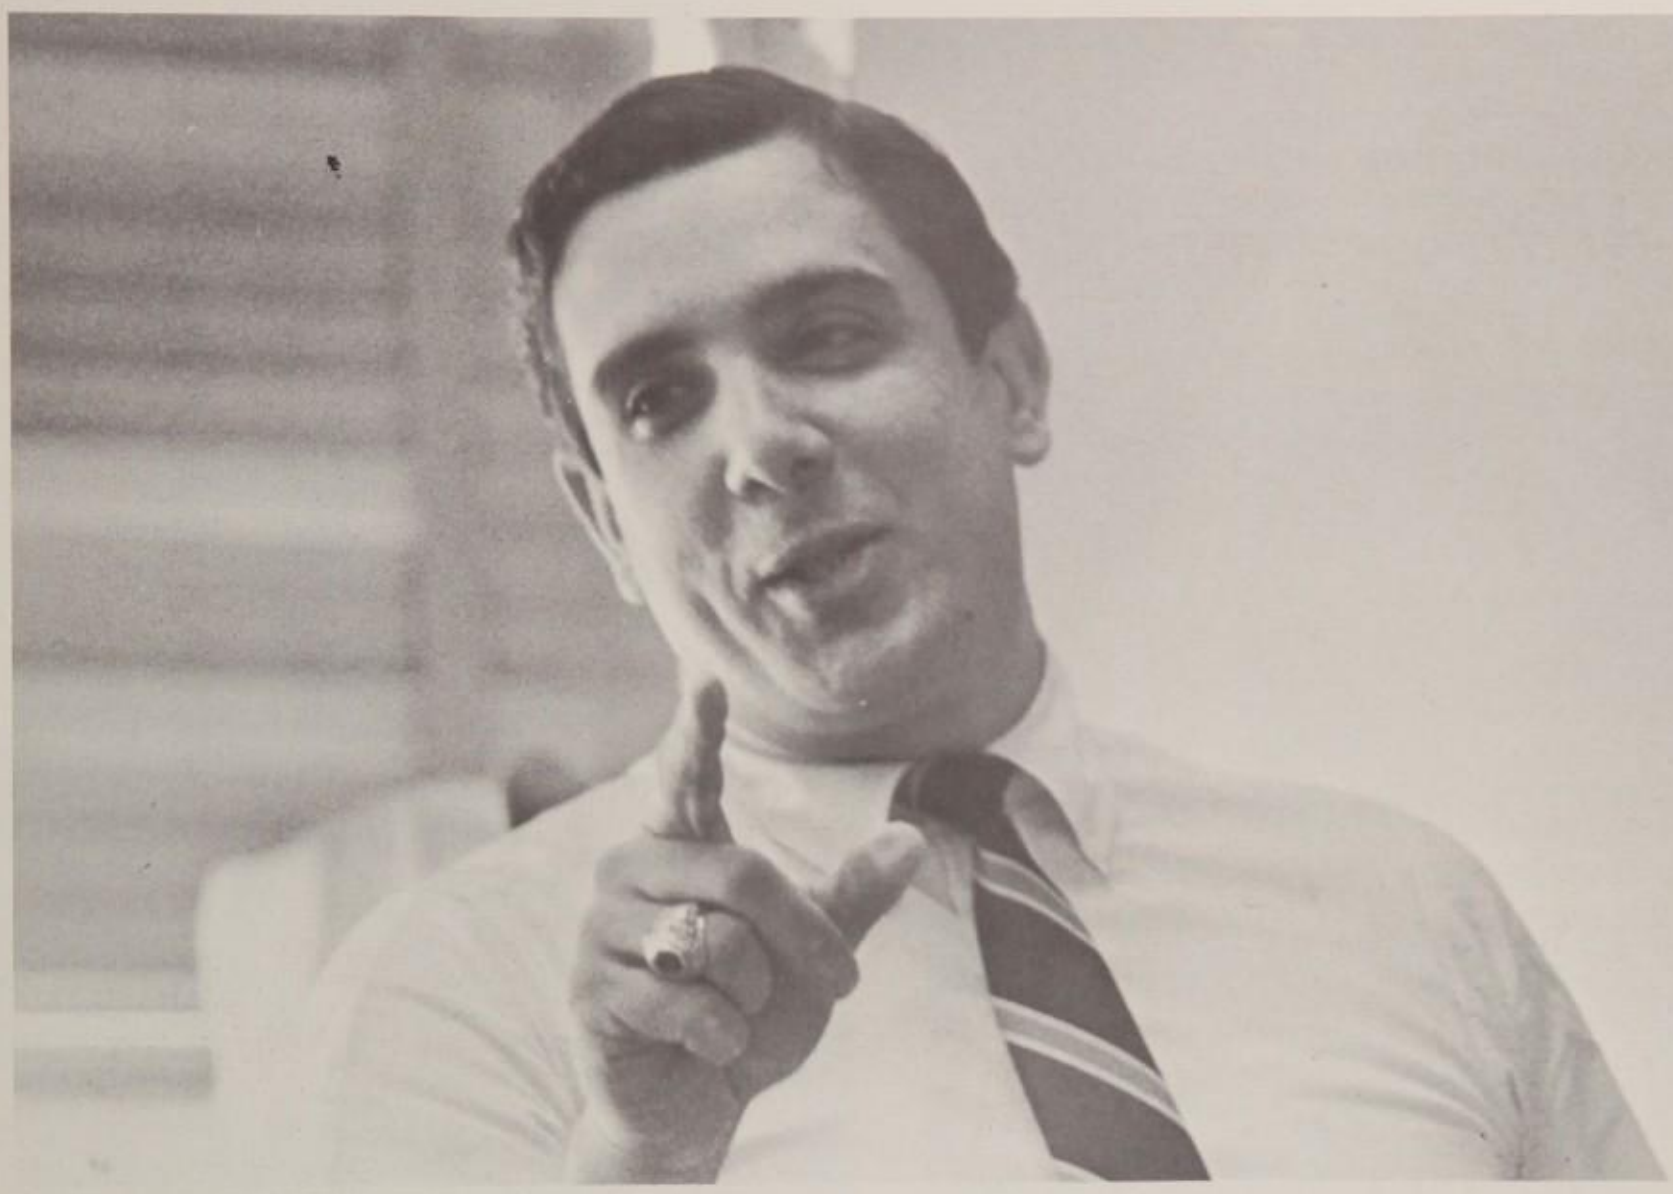
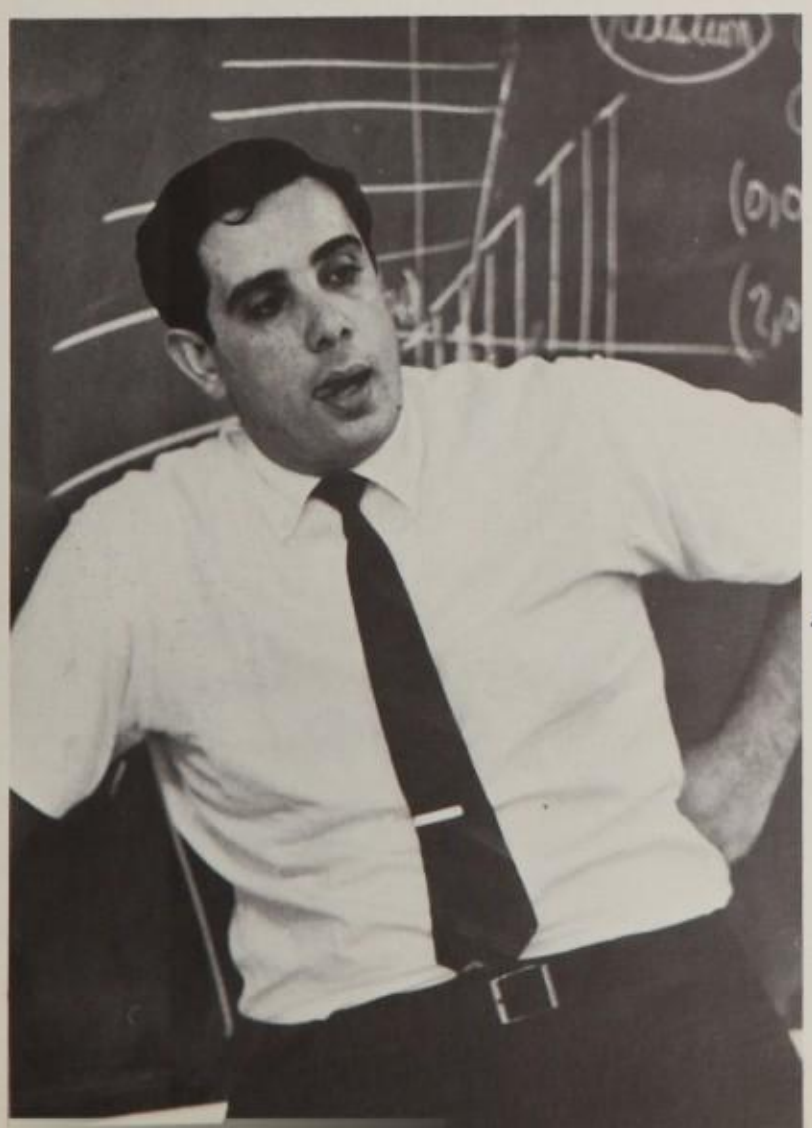
Dedication

His warm friendly attitude + his willing assistance x his encouraging words - his unbelievable ability to keep a straight face - (his mathematical magic + his unparallelled role as the advisor of the Student Council) x (his "koolness" in a "tough situation")^2 = the highly admired individual to whom we have dedicated *SIGNATURE '70*, Mr. Richard Piva.







To Hans,
Best always
in all your do.
M. Ivan

The old order changeth, yielding place to new. *Alfred Lord Tennyson*

Today's world is changing. A continuous revolution is taking place everywhere. Social institutions — schools, churches, and governments — are experiencing the effects of this spirit of change. Man's communications media — movies, records, theater, television, and books — all reflect these new ideas; and scientific achievements rearrange our lives and shape new life styles for the 70's.

Dissatisfaction is evident everywhere in our society: on college campuses, in our cities, and within our own government. People are no longer willing to accept things which they do not agree with, but have begun to question and to reject them. Today's society is alive. Actions call forth reactions — favorable and unfavorable, positive and negative — and this process produces change.

Today's media express and embellish the movement of questioning and freer thinking that we are now experiencing. The theater portrays reality, films relate to man's struggle for freedom, and music expresses youth's revolt.

The scientific advances of recent years are the result of man's ageless curiosity and desire to explore. Man has begun to explore the moon above and the sea below. Through the advances of medical technology, man has assured himself of a longer and healthier life; and modern science continues to make our lives easier.

Astrologists believe that this spirit of change is influenced by our movement into a new astrological age, the Age of Aquarius. Perhaps this is so, for certainly our times, with its emphasis on youth, creativity, and redesign of life styles, display the characteristics of Aquarius. The Aquarian Age will be a time of changing, questioning, and seeking lasting peace and higher love.

Aquarius, the Water Bearer, appears throughout *SIGNATURE '70* as a symbol of the new era that is beginning.

Dear Hans,
I'm not
arguing by my
picture because
hate it & don't want to
be remembered by it.
Have a great summer and
have luck & fun in the future
and keep your head up.

A great discovery is a fact
whose appearance in science
gives rise to shining ideas,
whose light dispels many obscurities
and shows us new paths.

Claude Bernard

The dogmas of the quiet past
are inadequate to the stormy present.
. . . As our case is new, so we must
think over and act anew.
We must disenthrall ourselves.

The close observer soon discovers that the teacher's task is not to implant facts but to place the subject to be learned in front of the learner and, through sympathy, emotion, imagination, and patience, to awaken in the learner the restless drive for answers and insights which enlarge the personal life and give it meaning.

Board of Education

SEATED: Mr. Vincent McDermott, Mr. William Johnke. **STANDING:** Mr. Edward Goljan, Dr. Philip J. Cosgrove, Mr. Alvin Howard.

We in Uniondale have indeed been fortunate in having a Board of Education which has remained open to new ideas and innovations in education. As students are becoming increasingly involved in directing their own educations, these men have been cooperating to provide an academic community conductive to progress and learning.

The problems faced by this hard-working group of men are seldom realized by the students of Uniondale, but we must realize that without their dedicated and self-less efforts we would not receive the fine quality of education that we get.

Mr. Wallace D. MacDonald, Mr. David E. Sallah, Mr. Thomas J. Kelly, Mr. Gene Turner.

District Administrators

Dr. Robert M. Leifels, Assistant Superintendent of Schools.

Dr. Joseph P. Mooney, Superintendent of Schools.

Memories of Senior Year 1970

Now that graduation is rapidly approaching, it seems that September was only yesterday — the year of 1969 — 1970 but a brief moment in our lives. A fair share of anticipation, a sprinkling of fear and lots of excitement and laughter made our senior year one to remember. Do you recall the Senior Dance, Bermuda Short's Day and Miss Uniondale Contest? Looking back, can you remember our Senior Trip? It is certainly hard to forget the lively and colorful competition of Junior-Senior Night and the splendor of the Senior Prom.

These events could hardly have come about had it not been for the devotion and hard work of the Class of '70. To Mr. Greggo, our Senior advisor, our class officers, the teachers and administration, and all those students who made this year possible, we extend our thanks.

Very soon our graduation will only be another memory to add to the list. Certainly, the memories of Senior Year 1970 will be among the best.

English: Appreciation Through Exploration

The program at Uniondale High School is responsible for developing an appreciation of literature and encouraging creative expression. In addition, it is concerned with the practical aspects of developing our speaking and writing skills. Perhaps more than any other department, the English Department deals with the problems of life as reflected in the literature of the ages. It explores a wide variety of literary materials and offers an intense program of creative and critical writing.

Not limiting their instruction to classroom activities, department members also aid in furthering the creative and dramatic abilities of students in such activities as the Literary Magazine, **Black and Gold, Signature,** Drama Club, and Forensics Club.

BLACK AND GOLD

Uniondale, New York — Spring 1970 has brought the close of another successful year for our school newspaper — **The Black and Gold.** This year it has been improved considerably despite the hindrance of a decreased budget. As controversial issues concerning our school and the students arose, the **Black and Gold** has reported and kept the students informed.

Under the supervision of Miss Gilliland and Mr. Weaver, and editor-in-chief Tom Maligno, the staff put out an informative and interesting publication.

For Understanding Among People

The goal of the Language Department is to teach the student to understand and express himself in a foreign language. In order to accomplish this, stress is put upon these four basic skills: understanding, speaking, reading, and writing.

Audio-Lingual as well as traditional methods are used in French, Spanish, Russian, German, and Italian. During the first three years, the written and spoken language are emphasized, while during the fourth and fifth years, literature and culture are stressed.

Art can best be defined as a creative method of self-expression. This year at Uniondale, the Art Department offers a wide range of courses through which one can express himself. They range from Three-D Design to Drawing and Painting, and Graphics. For those with special interests, there are Twentieth Century Music and Art and the Art Workshop. There are also such diverse activities as Art Club, field trips to museums, and the Spring Art Fair. This year in Uniondale there is certainly some course or activity that allows any student to express himself creatively in the field of Art.

Business: Preparation for the Future

Uniondale's Business Department provides students the opportunity to learn the various skills needed for the business world. Courses in typing, shorthand, distribution, and accounting provide a basic foundation for secretarial and marketing jobs, as well as for further study on the college level.

The skills taught in business classes are not ones that will be learned today and forgotten tomorrow, but ones that will continue to demonstrate their value and importance throughout the years.

The Business Club and DECA are two practical examples of how beneficial these classes are.

Our Math Department, in accordance with the growing importance of Mathematics in the new technical fields, provides Uniondale students with a well planned curriculum. Offered are courses ranging from Geometry to Calculus, each logically following the other in the development of greater understanding of increasingly more difficult math concepts.

In order to increase interest, our Math teachers make use of visual aids such as overhead projectors and models. In fact, computer math students have the opportunity to run through their own programs on an actual computer.

Those students excelling in Math have the chance to compete with students from other schools and to work on problems more difficult than those encountered in class through membership in the Math Club.

Science: New Innovations, New Perspectives

The year is 1970 — the beginning of a new decade. Man's energies are spent in forward motion as he looks toward the Future. He can help to make his future better than the past through scientific development.

Here at Uniondale, the Science department has increased and improved. Independent study in physics and laboratory exercises in biology, chemistry, and earth science are designed so that the student can discover for himself the important concepts of science.

History — Where the Past Meets the Present

History gives the student of the 1970's a mirror of the past in order to help him interpret the events of today. What is happening in our world cannot be interpreted without consulting the lessons of history.

Here at Uniondale, our History Department provides an excellent program of Citizenship Education, aimed at preparing students to assume a responsible place in society. This is perhaps one of the most important single functions of education, and, therefore, must be given prime emphasis in our schools. This is done here at Uniondale.

Students are taught basic principles in World and American History. Later they are able to choose from more advanced courses including Ancient History, Communism, and Economics. "Problems of Democracy" examines the problems of our society and how they are being solved. This year the department has instituted a Black Studies Program which includes a course in Afro-American History.

For a Technological Career

Uniondale provides courses in Industrial Arts in order to coordinate a boy's physical, mechanical and mental efforts into one area. Courses such as Wood and Metal Shop, Electricity, Printing, and Auto Mechanics allow the student to develop his capabilities in areas where practical knowledge is important. The skills taught here will surely prove invaluable in life. The Troubleshooters and the Radio Club offer Industrial Arts students the opportunity to put these skills to practical use.

Home Economics: Training for Home Life

Home economics provides Uniondale's girls with the basis on which to build their futures as wives, mothers, and homemakers. In various courses ranging from advanced sewing to preparation for marriage and child care, the girls learn to cope with many of the problems they will encounter in married life. Not only are they taught to cook, to sew, and to care for both children and the sick, but they become aware of what is needed in creating a good home environment.

Training for Leadership

Sorry, No Principals allowed in the Senior Lounge!

Responsibility and citizenship do not suddenly appear at the magical age of twenty-one. Such leadership must arise out of experience and participation as well as through discussion. The Student Councils have strengthened this belief by giving members of the Uniondale student body numerous opportunities to be contributors rather than just spectators. Through class and homeroom elections, we, the students, have begun to participate in the rewarding, and at times difficult process of representative government.

The Elected Student Council has been successful this year in obtaining a senior lounge, and in representing students on the School Board and P.T.A. This year, for the first time, we also have a Volunteer Student Council. This body is made up of elected council members as well as other interested students. Committees were set up to discuss and plan curriculum reform, the student court, waiting courses, and midterm exemptions.

These were the Student Councils of '69-'70. Their activities and contributions were mainly due to an effective student leadership and a cooperative student body and administration. And for their accomplishments, they have the thanks and appreciation of the entire school.

Signature '70 Moves Into Aquarius Age

June, 1970 marks the end of a hectic year for the Seniors of the Class of '70. Spirit Day, the Thanksgiving Football Game, the Senior Trip, Caps and Gowns, and the Prom all are memories. One of the few tangible memories that we will take with us after three years at Uniondale High School is this yearbook, Signature '70.

The editors of this book are proud to present to the student body and to the community, a record of the year 1970. We realize that our efforts will be rewarded many times in the years to come — each time someone opens this yearbook and happily recalls a friend an incident, a teacher, or a class.

To anyone who has helped in any way with the production of this book, the editors say, "Thank You." We appreciate your contribution and truly hope that you derived as much pleasure from it as we have in putting this book together. Again, a sincere "Thank You."

Music: For Enjoyment And Learning

The Music department of our school has been an active part in our school for a dozen years now. This year was, by no means, an exception. The numerous bands and singing groups, such as the Performing Chorus, the A Capella Choir, the Senior Chorus, the Symphony Orchestra, Stage Band, and Concert Band have carried on the tradition of outstanding performances. The success of Music groups can be attributed to Mr. James W. Skinder, Mr. James Martindale, Mr. Glenn Matthews, Mr. Arthur Wayne, and the enthusiastic effort of the students.

Besides performing for the benefit of the school, at concerts, and sports games, various groups performed for the community and outside the community. Among the activities were The Hofstra Marching Band Contest, and trips to the Ray Heatherton Show, Doubleday, and Port Washington.

NATIONAL HONOR SOCIETY

VSLS

"Gotta little"

One of the most prestigious organizations in the High School is the Uniondale Chapter of the National Honor Society. The Honor Society recognizes superior scholarship and this fall inducted over one-hundred and twenty students.

Under the leadership of its adviser, Mr. DiSclafani, and its officers, John Petsce, John Kohnken, and Wesley Brown, this year's Honor Society was the most active in Uniondale's history. It initiated plans for a student college counseling service. In conjunction with the music and Art Departments, it promoted recognition of creative efforts by Uniondale students and sponsored cultural and artistic exhibitions. The Honor Society developed further plans for basing future membership on character, leadership, and school service as well as academic excellence.

Of course you know, Hans, that I wish you the best future and the greatest happiness. Keep the faith (baby!)
With love
Marcy

Knights Kick Their Way Through A Fantastic Season

This year Uniondale has its first soccer team. Under captain Keith DeGannes the team finished with a winning record of 7-4-2 and never lost any game by more than one goal. Outstanding on the team were John Busketta, leading scorer and Bobby Driscoll who made nine saves in one game. Bruce Gowie, Kenny Vaglio, Dana Aochacki, John Hill were other seniors contributing to a great team. Returning next year will be sophomore Andy Block and junior Stanley Pilchman. Things are looking good for an even better season next year.

I hope you trip on your shoelaces!

Basketball Carrying On A Winning Tradition

Since Uniondale first won the Nassau County championship in 1962, Uniondale basketball has become an institution, Coach Bastin a legend, and winning a tradition. This year was certainly not an exception. Scoring an average of over sixty points per game, Uniondale would not stop until they captured the South Shore Divison II Championship.

Balance was a key to the Black Knights' success. Coach Bastin used a balanced attack around two big men, Tom Gillams and Ralph Rehn. Tom, the 6'5" captain, averaged 25 points per game. Smiling Ralph Rehn, the 6'3" junior, also had a very good season, and shows promise as a center for next year. Floyd Tarvin, also a junior, has a great outside shot and a knack for stealing the ball. And without the fantastic defensive plays of guards Charlie Guaneri and Vinny Schaub, the Black Knights could never have achieved their 18-4 record. Last, but certainly not least, credit must be given to our incredible coach, Mr. Bastin. He was distinguished by **Newsday** as the finest high school coach in Nassau County.

After Slow Start, Knights Redeemed Themselves

Playing in the Big Seven Conference, made up of the toughest teams on the Island, the Knights were up against great competition this year. Although the team was not very successful in the first few games, great strength was shown against the Berner team. The Knights held them scoreless until the last four minutes of the game, and knocked them out of the number one spot in the county.

The highlight of the season was the East Meadow game. For the first time in ten years Uniondale defeated the Jets with a score of 28-0. To accomplish this victory an elephant back field, made up of Carl Flor and Phil South, was put in to provide the blocking that allowed Vinnie Schaub and Dave Riechlin to score two touchdowns each. The traditional bell, given to the winning team, is once again at Uniondale.

At the Awards Assembly later in the year, the Unsung Hero Award was given to Bob Esposito and Ron DiSanto. Neil Ciampa received the Spirit Award.

Matmen Down Opposition Handily

The 1969-1970 season was a rebuilding year for the varsity wrestling team. The team's record was 4-8, which was a good improvement over the previous year's record. The team was led by seniors Mark Zullo (co-captain), Rich Harkin, Orazio Frisa (co-captain), Phil Prelusky, Frank Rapacki, and Dave Reichlin. Also starting on the varsity level were sophomores Jamie Kraus and Brian Lynch, and juniors Malcolm Gredziuk, Bob Vanderhall, and Rich Prelusky. The team has a fine nucleus for next year, and hopes for a winning season.

FRONT ROW: M. Zullo, O. Frisa; Co-captains. **2nd ROW:** Mr. Corcoran, J Kraus; B. Lynch; M. Behar; T. Attura; R. Jakelsik; Mr. Marold. **3rd ROW:** M. Gredziuk; P. Prelusky; R. Prelusky; R. Vanderhall; F. Rapacki; D. Reichlin.

Swim Team Has Fine Season

Finally, after several years as a door-mat, the Swim Team emerged as one of the greats. Under the iron-fist of Coach Murray, the team did very well in competition with one of the top ten teams in the nation. Genial Drew Bandish and the Debonaire John Robinson, the team's Co-Captains, exhibited remarkable athletic ability and sportmanship throughout the year. Other valuable seniors such as Scotty Anderson, Ken Lynch, Ken Ruggerio, Tony Nickalosi, Phil Cosgrove, Vinny Spinnelli and Tom Griffin contributed their drive and tremendous spirit to each and every meet.

FRONT ROW: S. Brethel, A. Elliot, G. Wimmer, P. Lilly, D. Tvelia, P. Salvadori. **2nd ROW:** R. Driscol, A. Blick, A. Narus, R. Dean, J. Silberstein, C. Cummings, R. Anderson, B. Hanson, K. An Impressive Season On the Diamond

Uniondale completed a fine season with an impressive record of nine and five. The combination of excellent playing skill and **expert** coaching provided Uniondale with first place. Strong pitching by Ed Xippolitos, and the steady hitting of Rich Hunter and Vinnie Schaub was responsible for the success of this team.

The season came to an end with a dissappointing loss of six to five to East Meadow in the County Championship.

Stickmen Finish A Successful Season

Last year's lacrosse team continued the winning tradition of past years. They had a fine 12-4-0 season which produced the SouthShore Championship with a 5-3 victory over Massapequa. The year was also highlighted with two victories over arch-rival East Meadow including one night game at Hofstra University, which was the first high school lacrosse game ever played on Astro-turf.

The potent attack was led by co-captain Bob Costa, Dean Gruenwald, and leading scorer Rusty Burton, who will be returning this year.

A strong midfield headed by junior Peter Loverso and John Knabbe did an outstanding job on both sides of the midfield strife. Vin Spinelli, Tim Lockwood, Steve Wilson and the other members of the midfield, formed a powerful attack group.

The stalwart defense, which was probably the best on Long Island, saw co-captain Doug Dale elected to the all-country team and Ron O'Brien named to the all-league team. Goalie John Calamari and crease-defensemen Bob Esposito also did a more than adequate job which helped the over-all performance of the defense.

With the return of many important players, along with the tremendous fan support, the prospect for this year's team looks very bright.

Golf

The Golf season begins in rainy March and continues until June. The 1969 season was a very successful year. It was the first year in the history of the team that all the players made the County playoffs. Returning from last year as seniors were Paul Iarricci, Keith Appuzo, Alan Hymanson, Steve Richardson, John Daniels. Returning as juniors were Steve Matuza and Craig Carlock. Sophomore prospects were Walter Golgan and Bert Hansen. The captain was Paul Iarricci. In 1970 Mr. DiSclafani expects another good season with all his juniors and sophomores returning.

Mr. DiSclafani and Walter Golgan

Tennis

The 1969 Varsity Tennis Team was noted for its determination and enthusiasm in the face of difficult opposition. Led by Captain Bob Gould, the team played against stiff competition in a new league and played better than its record of two wins and ten losses would indicate. Coach Russ Bastin played many sophomores and juniors to give them experience for next season. Steve Feld, Steve Kirsch, and Larry Powers showed particular promise. With many returning lettermen, Mr. Bastin can expect next year's team to be one of the best in Uniondale history.

Bowling

This year's bowling team, under the leadership of Coach Rannazissi completed a good season. A strong contingent of returning Juniors helped the Varsity team win many matches, and a powerful Junior Varsity Team bowled a fantastic record for this group. The team is looking forward to next year and an even better season.

ABOVE: Sharpshooters take aim.

Rifle

Rifle is one of the many sports which relies upon individual effort rather than a team effort. To have a good team, each shooter must be skilled and composed. Under the guidance and kind words of Coach Gombocs and co-captains Frank Joy and Bob Smith the team had a victorious season. With the skill of the fine juniors on the team, Coach Gombocs intends to stress composure and have a first place team next season.

Success In All Seasons

Success in track and field can be achieved only through hard work and dedication. The Cross Country Team in the fall, Indoor Track during the winter and Outdoor Track in the spring have consistently shown their ability to meet this success.

Cross Country is a sport that tests the capabilities of the distance runner. This year's team ended the season with a 5-5 record under co-captains Bob McCormack and Brian Bassaline; the team finished third in the Bethpage Invitational and ninth in the county.

This year's indoor track team continued its outstanding record. In two years they've lost only one in dual meet competition. Outstanding on this year's indoor team were: Mike O'Brien, high hurdler; Bob McCormack and Brian Bassaline, distance runners; and Mike Donnelly and Wes Brown. Besides these seniors, returning next year will be juniors Seth Boone, hurdler; Frank Abadie, high jump; and sprinters Dean Schachter and sophomore Paul Graba.

Most of this team went on to outdoor track with the additions of Tom Gillams, triple jumper; and Andy Dusenchuck, pole vaulter.

This year's teams were young and in Mr. Krauser's words, "excellent youngsters with fine hopes for the future!"

Girls Sports — Prowess And Pulchritude

Each year the girls of Uniondale School strive to gain recognition in various intramural and interscholastic sports. Although not as well known as the boys' teams, the girls are entered into regular league play in the Long Island Girls' Association. They compete for the annual banner in each sport and for the title of the Champion High School Team of Nassau County.

This year, the teams have been highly successful. The field hockey team was led to a victorious season as were the girls on the Swim Team. These girls also competed in the Long Island sectionals held at Jericho High School. The volleyball honor team came in first place in League 2, and were runners-up in the final playoffs for the LIGA banner.

The softball, tennis, basketball, and gymnastic squads are looking forward to similarly fine seasons. Many returning juniors and seniors, as well as promising new sophomores, guarantee strong teams for these upcoming sports. The team work of these girls has especially accounted for their desire to win and their rewarding results.

Juniors Move Forward With New Ideas

Early in the year, the class of 71 was called "the liberated class" by the **Black** & **GOLD.** With a little help from Mr. Wientge and the officers, the Junior class has lived up to this name. Our Mini-Woodstock was one of the most successful and daring activities ever put on at UHS. Even our dance was livened up by the Couples and Dating Games. The Junior Day Folk Festival was our third success. Finally, the Junior Prom ended a great year for everyone.

With all these events now in our memories, we can only wait to see what we'll do when we're seniors.

Sophomores

The Sophomore Class, despite major problems such as student apathy, scarcity of funds, and restrictions on night dances, managed to make highly successful its first year at Uniondale High School. Led by Mr. Haf and Pres. Mike Collins, the class of '72 held one dance and a Talent Show. The Sophomores displayed their Uniondale Spirit by selling Basketball Booster Buttons.

The Sophomores were very active in the various extra-curricular activities of the school, including Drama, Forensics, and the Junior Varsity teams. The officers deserve a lot of praise for the fine job they've done. We wish them success as the Sophomore Class eagerly looks forward to the next two years!
